

340B. Simplified.®

Powering Compliance & Savings

Help Your Eligible Patients Benefit from a Strong and Compliant 340B Program

Safety Net Hospitals struggle to stretch scarce resources to provide crucial services to their patients while meeting their bottom line. It doesn't have to be this way. When managed compliantly, the 340B program does what it was intended to do: secure the financial future of safety net organizations who serve the nation's vulnerable population. The 340B program can have a significantly positive impact for hospitals, their patients, and their communities if hospitals know how to administer and manage the program effectively.

Where SUNRx Experience Comes In

By utilizing SUNRx as their 340B Administrator, safety net hospitals have the ability to tap into the benefits the 340B program can provide: increasing financial support that enables hospitals to provide better care, improve patient outcomes, and help the indigent/uninsured gain access to the discounted medications they need. SUNRx's uninsured discount prescription card program provides a conduit for safety net hospitals to pass along 340B savings to their patients as intended.

We Expand Your Reach

340B Pharmacy Management

Develop right-sized pharmacy network based on patient utilization
Expand network as needed

Uninsured Discount Prescription Card

Uninsured Discount Prescription Card provides flexibility and delivers savings to indigent populations
2017 Results: \$40.1M covered entity client savings
2017 Estimated: More than \$45.3M patient savings (cash)

The intent of the 340B Program

Help covered entities
“to stretch scarce federal resources as far as possible, reaching more eligible patients and providing more comprehensive services.”

– H.R. Rep. No. 102-384(II), at 12 (1992)

Savings may be used to:

- Reduce the price of pharmaceuticals for patients
- Expand services offered to patients
- Provide services to more patients

SUNRx partners with hospitals and their providers to leverage the 340B program to fully extend its benefit to eligible patients.
